**LVT FLOORING SOLUTIONS
FOR YOUR PROJECT**

RESILIENT COMMERCIAL LVT FLOORING DESIGNED TO PERFORM

Stylish design and commercial-grade performance

Inspired by wood and stone from across the globe, our premium LVT is available in hundreds of unique designs and three versatile installation formats—loose lay, rigid core hybrid, and gluedown. Backed by warranties of up to 20 years in commercial settings, our LVT combines style, durability, and high performance, making it the preferred choice in a range of sectors, including multi-res, senior living, aged care, modular homes, social housing, retail, offices, hospitality and healthcare.

DESIGN IS AN

Design, in its truest sense. Encompassing broader contextual factors - nature, innovation, and human-centricity as part of Karndean's quest, a family owned business, to make a positive impact on both people and planet.

ENDLESS

Reaffirms both our path and yours toward mastery. Highlights our global exploration and ongoing reinvention. Beginning from a family home on the doorstep of the Cotswolds. Reflecting our unwavering commitment to the design process since 1973.

JOURNEY

Providing a sense of possibility, where everything is connected. Reflecting our diverse and ever-growing product range and the relentless efforts of our product designers. Available across North America, Australasia, Europe and the UK.

KARNDEAN EVOLVE®

OUR PROMISE OF A BETTER TOMORROW.

It's a continuing journey, and there are no shortcuts. But we know now is the time for everyone to begin taking bigger steps. Ours is a promise to think differently, act decisively, and create real change.

It's a promise to Evolve.

Five decades ago, our family-owned business was founded on innovation, bold action and a pioneering spirit. Fifty years later, those same ideals guide us forward. Because the future demands change.

It's time to create a better tomorrow.

www.karndeancommercial.com/evolve

IT'S A NEW DAY AND WE'RE READY TO CREATE A BETTER TOMORROW

It's a promise to Evolve.

Karndean are proud recipients of the Best Vinyl Flooring Company - Australia in both the 2023 and 2024 BUILD Sustainability Building Awards. The award recognises innovators who are driving sustainability in the building and construction space.

karndeancommercial.com/evolve

As proud signatories of The Anti-Greenwash Charter, we are dedicated to upholding its standards in all our sustainability communications. If you have any feedback or concerns, please review our escalation procedure in our Green Claims Policy.

Every Karndean range and format meets our certification policy standards – be sure to verify the current certification status.

Confront climate change

- The Science Based Targets initiative (SBTi), an international corporate climate-action organisation, has approved our targets for greenhouse gas emissions reductions, validating that our near-term targets are aligned with the reductions necessary to prevent catastrophic global warming: We are committed to reducing absolute Scope 1 and Scope 2 emissions 42% by 2030.
- Karndean provides Environmental Product Declarations (EPDs) for all products (hosted by SCS Global Services), verified to ISO 14025 standards, offering clear insights into the environmental life cycle.
- GreenTag™ Excellence – Our gluedown, Kortok, LooseLay Originals, and LooseLay Longboard ranges receive a GreenRate Level 'A' rating for quality sustainable building materials. Additionally, we were the first Australian LVT supplier to achieve Best Environmental Practice PVC in 2015.

Inclusion & diversity

- We deeply value equity, inclusivity and diversity within our company and nurture these principles through engagement and education.
- These values guide our policies on environmental protection, responsible sourcing/trading, and our contributions to local and global communities, reflecting our founder's enduring principles and ethics that continue to shape our business's approach to operating responsibly.

Health & wellbeing

- Our products go beyond aesthetics; they are designed with wellbeing in mind. They are not only free from heavy metals and unsafe phthalates, but are also certified for post-installation indoor air quality. Our commitment to creating healthy interior environments extends to our choice of water-based or solvent-free adhesives, ensuring very low VOC emissions. Your health and comfort are integral to our product design.
- All our gluedown, LooseLay Originals, and LooseLay Longboard ranges have a GreenRate™ LCARate Silver certification, recognising commitment to safeguarding the planet's biodiversity, ensuring the wellbeing of workers, and maintaining environmentally friendly manufacturing processes.

Supply chain transparency

- We're committed to upholding high standards of environmental and social responsibility, ensuring fair treatment and safe working conditions for all.
- Our factories lead the way by using recycled materials and eco-friendly packaging, setting a new standard for environmental consciousness.
- Plus, our manufacturing processes are certified to meet ISO 14001 and ISO 9001 standards, warranting top-notch quality and sustainability every step of the way.

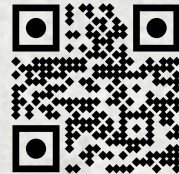

Sustainable use of resources

- At the core of our dedication to responsible resource management lies our commitment to preserving natural resources. We achieve this by embracing recycled materials and creating products specifically designed for recyclability, thus reducing our dependence on raw materials derived from crude oil.
- We prioritise the incorporation of recycled materials in our products, with each one containing up to 50% recycled PVC in their backing layers, sourced from post-production waste.
- We substantiate our efforts to minimise landfill waste and foster recycling initiatives, strengthening our role in promoting a circular economy.

Education

- We educate employees about the importance of sustainability, helping them understand what role they play, encouraging them to think sustainably and devise new ways of working, increasing the likelihood of achieving our goals.
- By conducting CPD classes and participating in speaking engagements with organisations like the Green Building Council of Australia, a membership we've held since 2007, we actively contribute to the training of professionals in the design, construction, and built industries.

Discover
Karndean
Evolve®

INSPIRED BY NATURE, PERFECTED FOR DESIGN

At Karndean, we believe the best designs begin with nature. Our journey starts in forests, quarries, and landscapes where the most stunning natural materials are found. From the intricate grain of aged timber to the organic movement of stone shaped by time, every Karndean floor is rooted in these raw, authentic origins.

Our design team travels the world, sourcing unique wood species and distinctive stone formations to capture their character in high-definition detail. Each plank and tile tells a story - whether it's the rich patina of reclaimed oak, or graining of spotted gum, the delicate veining of marble, or the rugged texture of slate. These natural inspirations serve as the foundation for our meticulously crafted flooring, ensuring every Karndean design reflects the depth and beauty of real materials.

But nature isn't just our muse - it's our benchmark.

Marble

Marble is celebrated worldwide for its timeless elegance and natural beauty. Originating from the mountains of Italy, it has long been prized for its rarity and refinement - favoured even by Michelangelo for its sculptural potential. Our marble-inspired designs honour this iconic stone, capturing its graceful veining and luxurious feel while offering the everyday practicality of modern flooring.

Limestone

This ancient rock is widely exposed over large regions around the globe, forming karst landscapes as it erodes. Limestone as a flooring material can be traced back thousands of years. Our designers have captured the modern allure of limestone, providing a subtle yet stylish solution to introduce contemporary sophistication into any interior.

Australian Species

Australian woods have long been celebrated for their strength and versatility. Today, Spotted Gum and Blackbutt are equally prized for their distinctive character. Shaped by some of the world's harshest conditions, including droughts, bushfires, and searing summer heat, their unique wood grains, colours, and tones are extraordinary.

Oak

Our designers have perfectly captured their subtle beauty, with open-grain patterns, delicate medullary rays, distinctive growth rings, and natural colour variations. From neutral timber looks to cooler, limed contemporary tones, we bring new character to these designs while highlighting their natural elegance.

White Ash

White Ash, native to North America, is celebrated for its attractive straight grain, occasionally accented with hints of a flowery pattern. The wood maintains consistent natural variation. This distinctive quality, combined with its subtle yet striking grain, makes White Ash a favoured choice for elegant and refined interiors.

REPLICATION OF NATURAL BEAUTY, THE DIFFERENCE IS IN THE DETAIL

At Karndean, we do things differently. Every plank and tile is meticulously crafted to mimic the organic variation found in real wood and stone. No harsh repetition, no obvious clones - just beautifully authentic design that feels effortlessly real. We take a sophisticated approach. Our designers study natural materials in microscopic detail, replicating organic movement, subtle grain shifts, and unique textural nuances across each plank or tile. This isn't a formulaic approach - it's artistry, ensuring Karndean floors achieve the depth, unpredictability, and visual integrity required for high-end design projects.

"Karndean designs are inspired and sourced by natural materials, carefully scanned and printed onto a photographic layer, and enhanced with an emboss layer for authentic texture. Due to the way our products are manufactured, the placement and repetition of natural details will vary across planks, ensuring a more natural and less uniform appearance." – Karndean Product Designer

WHY KARNDEAN COMMERCIAL?

Inspired by wood and stone from around the world.

Our premium resilient LVT is available in hundreds of stylish designs and three versatile installation formats – loose lay, hybrid rigid core, and gluedown. With warranties of up to 20 years in commercial settings, the combination of style, durability, and performance makes our LVT a popular choice across key sectors, including healthcare, aged care, multi-residential developments, community housing, leisure, new home builds and renovations, education, child care, hospitality, and corporate offices.

Alongside exceptional customer service and unmatched quality, specifying Karndean ensures you benefit from a proven track record in commercial applications, successful project outcomes, and long-standing relationships with satisfied customers, making us a preferred supplier in the industry.

Opus: Geneva Oak WP431 | WP431-SR

K-Guard+®

We use K-Guard+® surface technology for scuff and stain resistance ensuring there is no need to apply an additional surface treatment following installation.

Realistic designs

Each and every one is original, meticulously crafted by our expert design team to capture the distinctive grains, textures and markings of hand-selected wood and stone.

Tailored to your project

Providing the freedom to design without limits. With gluedown, loose lay, and rigid core formats available across our ranges, you can specify the format that suits your project's technical needs - while still achieving the exact aesthetic you want.

Durable

Unlike other flooring alternatives, Karndean gives you the look and feel of natural products but with the durability and resilience of luxury vinyl.

Water resistant*

Unlike laminate and engineered hardwoods, our floors are impervious to water and will not swell, crack or warp when wet, making them perfect for kitchens, office and tea rooms.

Acoustic qualities

Karndean Designflooring is quieter underfoot compared to most hard flooring alternatives. Our loose lay and rigid core products come with a backing that reduces noise transfer to rooms below, making it ideal for apartment blocks and any upstairs rooms.

Warranty

All Karndean floors come with a commercial warranty of up to 20 years, depending on the product range specified.

Hygienic

Our floors don't hold dust, dirt, pollen or other allergens. Our cleaning products also kill 99.9% of germs.

Versatile installation options

Select from gluedown or rigid core formats in our dual-format designs – giving you the power to maintain design consistency while choosing the installation method best suited to each space. It's design continuity without compromise.

Compatible with underfloor heating

For added warmth, our flooring is perfectly suitable for underfloor heating systems up to 27°C.

Low maintenance

The commercial cleaning and maintenance regime is simple and can be carried out by hand or using a mechanical cleaning apparatus. With Karndean, you don't have to worry about any sanding, refinishing, staining or varnishing either.

Enhanced safety

Working in demanding environments that have been assessed as having a very high slip risk can be dangerous without the right safety flooring.

*It is recommended that when selecting flooring products, you verify compliance with building regulations and certification practices relevant to your local area

SECTORS

Flooring to suit your commercial project

Social Housing

The housing sector now spans a diverse range of projects - from build-to-rent and student accommodation to aged living, multi-residential complexes and new developments. Each of these requires thoughtful consideration when specifying interiors. Our dual format offering is perfectly suited for social housing specifications, providing both versatility and longevity. It allows you to prioritise design without compromising on functional performance, all backed by our reliable warranty.

Social Housing | Korlok: Pebble Grey **RKT2410**

Retail & Shop

The future of retail depends on creating memorable, in-person experiences - something online shopping can never fully replace. To support this, our versatile flooring collections offer both beauty and functionality, enabling effective zoning, wayfinding, and spatial definition. Designed to enhance the customer journey, our products help guide foot traffic intuitively while meeting key performance demands such as safety and durability. Available in both rigid core and loose lay formats, our floors are quick to install and ideal for minimising disruption in busy retail environments.

Retail & Shop | Opus: Steen Oak **WP426** | **WP426-SR**

Office | LooseLay Longboard: Danish Oak **LLP357**

Office

In today's post-pandemic world, office spaces are transforming into flexible, collaborative environments that offer a home-like atmosphere. To support this shift, flexibility and future-proofing are key. Our loose lay fitting format, backed by a 20-year warranty, ensures both durability and ease of installation, while allowing for seamless reconfiguration as needs evolve. Designed to foster a calm and comfortable setting, our LVT ranges mimic the beauty of natural materials, support a biophilic design ethos and deliver a quiet, soothing underfoot experience. Choose our loose lay tiles for a sleek, poured concrete look - no expansion gaps required - making them a popular choice for commercial spaces looking for style and functionality.

Hospitality & Leisure | Opus: Barolo **WP429** | **WP429-SR** | Granada **WP814** | **WP814-SR** 

Hospitality & Leisure

Outstanding design was always a hallmark of the hospitality and leisure sectors, but it's now more important than ever. As the industry evolves in this new era, so too must the customer experience - one that allows guests to relax, unwind, and indulge. When specifying Karndean, a strong sense of style, impeccable hygiene, and a flawless finish are guaranteed. Our loose lay, rigid core, and gluedown products offer a contemporary aesthetic, with slip ratings of up to R11/P4, acoustic benefits of up to 21dB, and fast installation, ensuring both functionality and elegance.

Multi-Res

These environments demand flooring that feels like home for residents while remaining low-maintenance for management and staff. Our rigid core and loose lay LVT help create quieter spaces in multi-story buildings, reducing noise transfer to lower floors by up to 21dB. Plus, all of our LVT is easy to clean and maintain - no harsh chemicals, waxing, or noisy machinery required. Durability is paramount, too. With wear layer options up to 0.7mm, our flooring features K-Guard+® surface protection to withstand everyday wear, spills, and scuffs. Many of our ranges also offer the added benefit of being individually replaceable if damaged.

Multi-Res | Korlok: Pale Loire Oak **RKP8245** 

Healthcare | Opus: Vermeer Oak **WP427** | **WP427-SR** 

Healthcare

Interiors in the healthcare sector play a crucial role in the well-being of those using the space. While cleanliness and durability are paramount from a practical standpoint, the visual design is equally important in addressing the complex needs of patients and residents, contributing to a comforting and healing environment.

Our gluedown and loose lay ranges offer sustainable flooring solutions with exceptional design flexibility, durability for high-traffic areas, and comfort underfoot. With slip ratings of up to R11/P4, these ranges are ideal for healthcare applications.

Additionally, we provide Light Reflectance Values (LRV) for all our products, ensuring you can specify flooring that enhances accessibility and meets a wide range of requirements.

Education

Education settings are a hive of inspiration, where a balance of practicality and playful design is essential. Durable, resilient surfaces paired with vibrant colours and dynamic shapes create environments that inspire students to learn, engage, and succeed. Our gluedown and loose lay products provide complete design flexibility, fostering spaces that support learning, development, and, most importantly, creativity.

Education | LooseLay Originals: Colorado **LLT201**

Home Build | Opus: Rhine Oak **WP432** | **WP432-SR**

Home Build

The residential sector spans a wide variety of projects, including new home constructions, renovations, refurbishments, and investment properties. Each of these projects presents unique challenges when it comes to selecting the right interior finishes.

Our flooring solutions strike the perfect balance between versatility and durability, offering dual-format options that cater to different needs. Choose from a range of designs that not only enhance the aesthetics of any space but also provide exceptional functional performance, all backed by our lifetime domestic warranty.

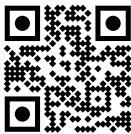

Aged Care & Senior Living

Creating safe, comfortable, and hygienic spaces is essential in aged care and senior living environments. Karndean Designflooring offers durable, low-maintenance flooring specifically designed for these settings, providing superior slip resistance and low VOC emissions.

Our LVT does not promote bacterial growth or harbour dust, and the materials used in our flooring are rigorously tested for safety. With Karndean floors, you can be confident in long-term performance and the well-being of residents.

FORM & FUNCTION

We understand that every project is different. And as such, every flooring requirement is unique. To ensure you find exactly what you need, we offer our premium LVT in three installation formats across seven product collections, with each collection offering different specs from wear layer and product thickness to plank and tile sizes. Together, it all adds up to a range of options based on what's best for your project.

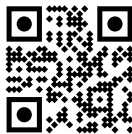

INSTALLATION FORMATS

Three LVT formats to suit your project’s needs.

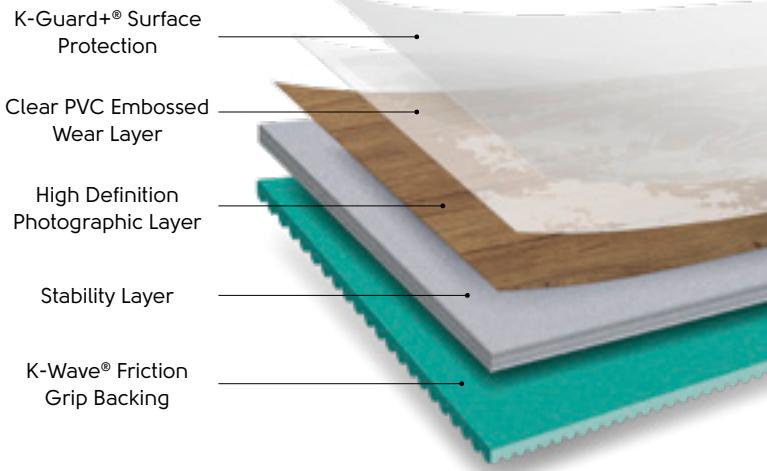

Loose lay

Loose lay features our K-Wave® friction grip and fibreglass-reinforced backing, providing a more dimensionally stable installation that’s quick to install and easier to individually replace planks/tiles.

Ideal for newly constructed subfloors providing options that address costly subfloor preparation with a moisture management solution.

Find out more

Loose lay benefits

Quick and easy to install.

Easy access to underfloor panels.

Reduces impact sound transfer by 14dB.

With the use of Karndean PS adhesive, achieve up to 95% relative humidity (RH) and reduce costly moisture mitigation.*

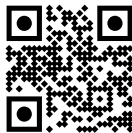

No expansion gap required.

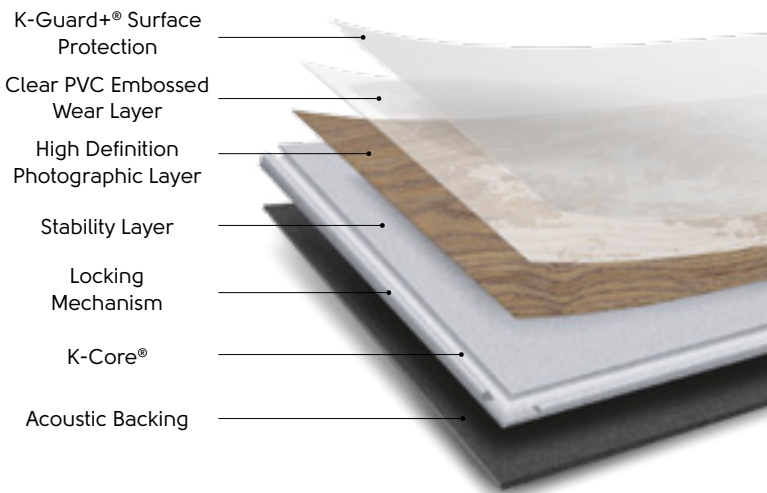

Minimises disruption by installing over most hard subfloors.

Rigid core

Our 2G™ and 5G® rigid core ranges are ideal for installations where acoustics, hiding subfloor imperfections or preservation of existing hard floors need to be considered. A click-locking mechanism allows for quick installation and the pre-attached backing eliminates the need for a separate underlayment.

Find out more

Rigid core benefits

Quick and easy to install.
Hides subfloor imperfections.

Suitable for subfloors with elevated moisture found in some new builds and extensions.

Reduces impact sound transfer by 21dB.

Suitable for up to 95% relative humidity (RH) – helps reduce costly moisture mitigation.*

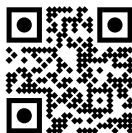

2G™ and 5G® click-locking systems.

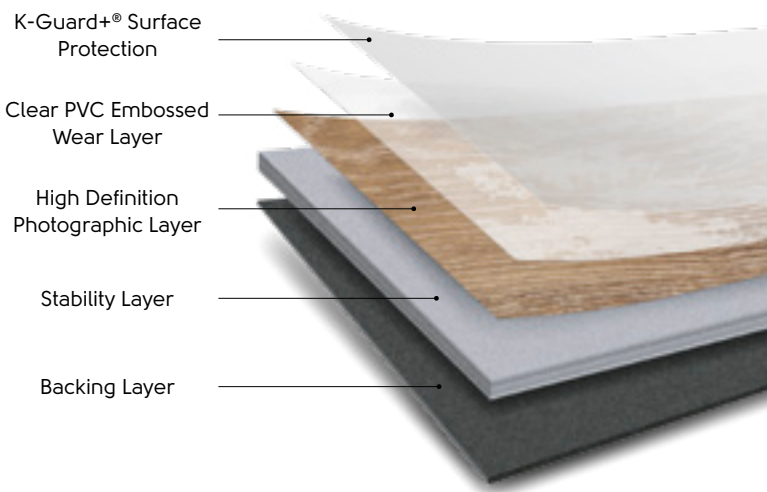

Enables preservation of existing floor.

Gluedown

Our gluedown ranges offer our widest choice of colours and formats. Features such as textured emboss or our premium handscraped finish, wide bevels or flat edges make each range unique to Karndean Designflooring.

Find out more

Gluedown benefits

Range of price points to suit different budgets.

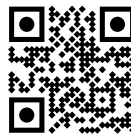

Available in a wide range of designs, colours, textures and sizes.

No expansion gap required.

Can be cut and laid for custom installations such as herringbone or zoning and wayfinding.

*Scan to learn about flooring solutions up to 95% RH

COMMERCIAL DESIGN TECHNIQUES

Flooring doesn't have to just be functional, the design can also work as a navigator, orchestrating the flow and harmony of a space. Discover how designers have cleverly used Karndean to create intuitive and delightful experiences.

Office | Opus: Potter Oak **WP428** | **WP428-SR** | Platino Terrazzo **SP742** | **SP742-SR**

Co-working space | Opus: Vermeer Oak **WP427** | **WP427-SR** | Salute Blanco **SP743** | **SP743-SR**

Zoning

Our wide range of designs, patterns and textures can be used to zone a space, each with its own personality and purpose. Our Light Reflectance Values allow you to design zones with appropriate contrasts to meet accessibility requirements.

Hospitality & Leisure | LooseLay: Pure Danish Oak **LLP357** | Quebec **LLT219** 

Wayfinding

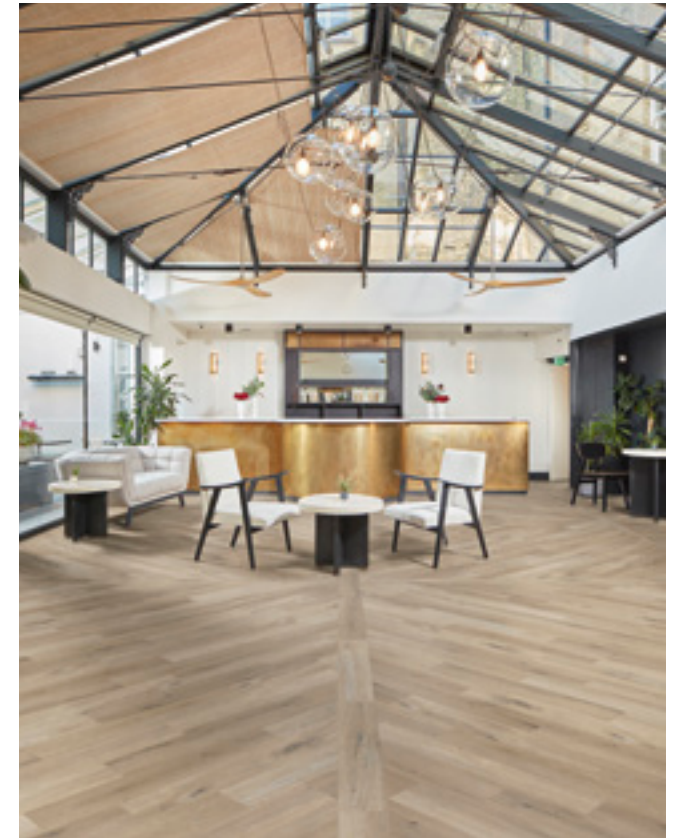

Our flooring offers exceptional flexibility, allowing you to design spaces and pathways that enhance traffic flow. In retail environments, strategically placed paths guide customers through the space, helping to tell the brand's story and ensuring the customer experiences the space exactly as intended.

Blending

Elevate any space by seamlessly transitioning from one area to the next with a blend of designs. This technique allows you to refresh an existing floor without the need to replace every plank or tile. For a cohesive and striking look, choose planks or tiles from the same collection to ensure design harmony while creating a unique, standout feature.

LAYING PATTERNS

ELEVATING COMMERCIAL SPACES

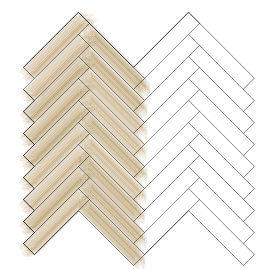

At Karndean, we believe a floor is more than just a surface - it's the foundation of great design.

Our luxury vinyl flooring offers a versatile selection of laying patterns, from timeless herringbone to striking chevron, enabling architects and designers to create unique, visually dynamic commercial spaces.

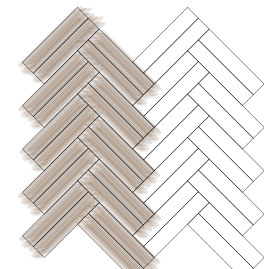

Laying patterns are central to Karndean's design philosophy. They elevate the aesthetic impact of our wood and stone looks while delivering practical benefits - from defining zones and aiding wayfinding to introducing a sense of movement. Whether you're crafting a bold feature or ensuring a cohesive flow across large-scale projects, our precision-engineered formats and extensive colour palette give you the tools to bring your vision to life.

Let's transform your next commercial project - one pattern at a time.

It's not just the floor you choose - it's the direction you lay it that leaves a lasting impression. So, how do you decide which way to lay your floor? As you explore our three product formats, keep in mind the variety of pattern options available. Not every floor can be installed in every pattern, so consider both design and format compatibility when planning your layout.

DESIGN & PRODUCT COLLECTIONS

Explore our products 'at a glance'. Each has a story to tell and features to meet the needs of any project.

Be inspired by a world of colour, design, and laying patterns. Dive into technical details, from size and thickness to slip resistance, acoustic performance, and sustainability credentials.

Our wood and stone designs are inspired by materials sourced from across the globe from forest floors and timber yards to remote mountain quarries. In the skilled hands of our expert design team, these natural elements are recreated and refined with remarkable accuracy and attention to detail.

Light or dark. Cool, warm, or neutral. Choose from hundreds of colourways that showcase the authentic grains, textures, and markings of the original materials.

Every Karndean design is a true original - crafted with care, and ready to tell its own unique story.

Blended Ironbark **LLP328**

Enhance acoustic performance and design flexibility with Karndean LooseLay Longboard.

Featuring our innovative K-Wave® friction grip backing, LooseLay Longboard reduces noise transfer by up to 14dB - delivering a quieter, more comfortable environment that's perfect for both residential and high-traffic commercial settings.

Engineered for exceptional dimensional stability, it includes a fibreglass reinforcement layer that resists expansion and contraction, minimising movement and ensuring a secure, long-lasting installation. Additionally, LooseLay Longboard can be installed over subfloors with up to 95% relative humidity (adhesive dependent), helping to lower moisture mitigation costs while maintaining a high-performance, low-maintenance flooring solution.

KARNDEAN LOOSELAY ORIGINALS

The Karndean LooseLay Originals collection is inspired by the natural beauty of popular wood and stone species. Our wood designs reflect the timeless elegance of European Oak, the characterful texture of Rustic Oak, and the modern simplicity of Limed Oak - offering styles to suit any interior aesthetic. The stone designs authentically replicate natural surfaces, from the clean minimalism of Concrete and the refined luxury of Honed Limestone to the organic texture of Pietra, all available in a versatile, contemporary colour palette.

LooseLay Originals blends the beauty of nature with the comfort, durability, and practicality of luxury vinyl flooring.

KORLOK

Our Korlok collection draws inspiration from some of the world’s most sought-after natural wood and stone species, including the modern elegance of European Oak, the timeless appeal of Australian Spotted Gum and Blackbutt, the rustic charm of Barnwood and Hickory, and the understated beauty of Ash - offering a style to complement any interior.

The range also features stone designs influenced by both nature and contemporary design trends. Choose from the sleek minimalism of Concrete, the refined luxury of Marble, the classic sophistication of Limestone and Slate, and the bold character of Terrazzo. With its wide-ranging palette, Korlok offers versatile options to suit every aesthetic.

Grey Castello Marble **RKT2417**

Limed Loire Oak **RKP8243**

Golden Ash **RKP8242**

Light Spotted Gum **RKP8239**

Smooth, quiet, and built for performance, this flooring is ideal for demanding multi-level projects.

It absorbs minor subfloor imperfections and reduces noise transfer by up to 21dB, creating a more comfortable, peaceful environment. The innovative Välinge 5G® click-lock system enables quick, secure installation, minimising downtime and on-site disruption.

Its dense cellular structure boosts resilience and indentation resistance, while the 100% PVC rigid core allows for easy hand-cutting. This eliminates the need for power tools, reduces dust, and ensures a safer, cleaner installation - even in occupied spaces.

VAN GOGH

The design you want in the format you need

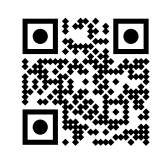

Van Gogh showcases a stunning selection of timber-inspired designs, celebrating the rich diversity and character of the world's most beautiful woods. From classic European species like Oak, Elm, Maple, and Birch to quintessential Australian timbers such as Blackbutt and Spotted Gum, this collection highlights the natural beauty, colour, and texture of these iconic woods. With a variety of tones and textures, the Van Gogh Range offers a versatile selection that complements any interior style, bringing the warmth and elegance of nature into your space.

KNIGHT TILE

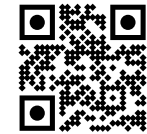

The design you want in the format you need

The Knight Tile collection offers a versatile range of wood and stone designs, ideal for both residential and light commercial spaces.

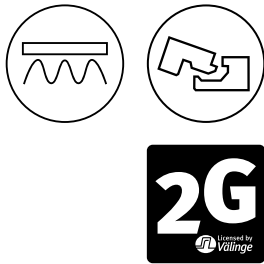

Our wood planks are designed to capture the authentic grain of timber, with options like the cool tones of Coastline Oak, the balanced mid-tones of Mid Limed Oak, and the deep, rich hues of Shadow Studio Oak. The stone designs offer a variety of looks, from classic light tones to bold, contemporary dark styles. Featured designs include the timeless Grey Riven Slate, the sleek Honed Oyster Slate, and the striking Honed Charcoal Slate - all perfect for seamlessly integrating into any interior style.

OPUS

Opus is the ideal choice for commercial interiors and new builds, where style, durability, and practicality are essential.

With a contemporary range of wood and stone-inspired designs, Opus provides a versatile foundation for modern spaces. The warm, natural tones of oak offer timeless appeal, while marbles and terrazzo deliver a sleek, architectural finish.

Engineered for high-traffic environments, Opus combines precision-crafted formats, flexible installation options, and NCC-compliant slip ratings, creating flooring that as functional as it is beautiful.

Rhine Oak **WP432** | **WP432-SR**

Coastal Eucalypt **WP434** | **WP434-SR**

Niveus **WP411** | **WP411-SR**

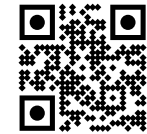

Mosel Oak **WP430** | **WP430-SR**

Opus is a durable and versatile LVT range, designed for modern commercial environments.

Featuring large-format wood-look planks and stone-look tiles in a contemporary colour palette, each design is available with both P3 and P4* slip ratings, providing flexibility to meet diverse performance requirements while maintaining a cohesive aesthetic.

Utilise contrasting tones, textures, and laying patterns to define zones, guide movement, and elevate retail, hospitality or workplace spaces effortlessly.

Coastal Eucalypt **WP434 | WP434-SR**

Our three striking Opus Terrazzo designs are offered in a generously larger tile format of 457mm x 935mm, setting them apart from the rest of the stone tiles in the collection.

This larger size is perfect for highlighting the intricate beauty of terrazzo, allowing its captivating patterns to take centre stage. The expanded surface area creates a seamless, impactful look - ideal for making a bold design statement in any project.

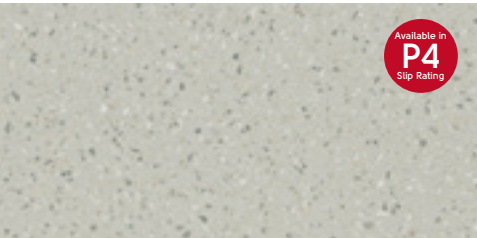

457.2mm x 914.4mm (18.0" x 36.0")

Oscuro Terrazzo **SP741 | SP741-SR**

Salute Bianco **SP743 | SP743**

Platino Terrazzo **SP742 | SP742-SR**

609.6mm x 609.6mm (24.0" x 24.0")

Pamplona **SP812 | SP812-SR**

Valencia **SP813 | SP813-SR**

Granada **SP814 | SP814-SR**

Sillano Marble **SP816 | SP816-SR**

Opus P4

Opus P4/R10-R11 rated designs feature an enhanced finish with a rougher surface texture, specifically designed for commercial environments requiring a high slip rating. These P4/R10-R11 rated designs, ending in ‘-SR,’ are available by indent order. This means these designs are not stocked for immediate dispatch, and lead times are available upon request. Please speak with your Karndean Business Manager for more information.

Opus P3/R9-R10 tiles and planks are available for immediate dispatch.

Salute Blanco **SP743** | **SP743-SR**

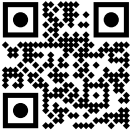

Coastal Eucalypt **WP434** | **WP434-SR**

¹ Subject to terms. Please see our website.
² Result is L_{n,w} = 58 dB when installed on Regupol 4515 acoustic underlay
³ Slip resistance is measured on freestanding ex-factory product. Slip resistance can be affected by many factors, including but not limited to; product installation and underlayment, surface contamination, use, wear and how the product is maintained. Textural variation along the surface of the product can affect nominal values. Where a product has been tested using the wet pendulum method and received a 'P' rating - that does not mean that the product is designed for use in wet areas. Only products specifically noted as being suitable for wet areas should be used in those conditions. Use in wet conditions may result in reduced slip resistance and increased risk of slips and falls. Please ensure that products are installed and maintained according to the provided guidelines.
Every Karndean range and format meets our certification policy standards – be sure to verify the current certification status.

ART SELECT

The premium Art Select range captures the timeless charm and character of natural wood, bringing Oak and Hickory to life with intricate designs and realistic embossing.

Each plank reveals the unique grains, knots, and textures that make real wood so enchanting. Far more than a beautiful floor, every Art Select design narrates its own story, imbuing any space with a sense of depth, warmth, and refined elegance.

Hickory Peppercorn **EW02**

Winter Oak **RL04**

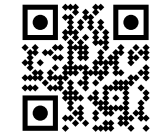

Auburn Oak **AP02**

Spring Oak **RL01**

Infuse your space with the finest natural aesthetics with Karndean Art Select. Inspired by the beauty of genuine wood and stone, this premium collection showcases intricate textures, rich tones, and authentic detailing, creating a truly luxurious finish.

Art Select's gluedown format offers endless design possibilities, from custom layouts to inlay borders, while its superior wear layer ensures exceptional durability and resistance to heavy foot traffic. Whether enhancing high-end residential interiors or prestigious commercial spaces, Art Select seamlessly blends timeless elegance with the enduring practicality of Karndean LVT.

RESOURCES & SUPPORT

We've curated a comprehensive portfolio of resources, both online and offline, to support your project.

From downloadable files available in our Technical Hub and inspiration drawn from our case studies, to our full suite of digital tools — including our interactive visualiser, Floorstyle, and BIM files, we're here to assist you in selecting the perfect floor for your project.

DIGITAL TOOL SUITE

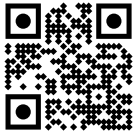

To ensure you have everything you need from Karndean Commercial for your projects, visit karndeancommercial.com where you can access our Floorstyle designer tool and Technical Hub.

Floorstyle designer tool

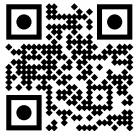

Our interactive room viewer, Floorstyle, lets you view our wide range of floors in typical commercial settings.

With improved usability, more sector-specific settings, optional colour schemes and side-by-side comparison, you can discover our stylish and highly practical flooring in a truly visual manner.

BIMstore

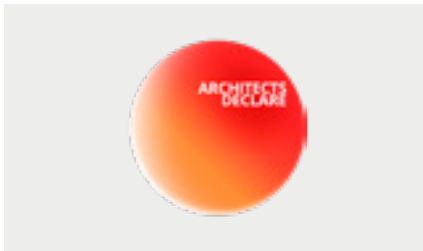

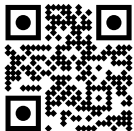

Specifiers can now access our complete portfolio of wood and stone designs as BIM components. With many advantages over previous project management tools, BIM allows specifiers to include both 3D colour models and technical details in one place, enabling clients to visualise what the end product will look like and other project team members to easily access the technical specifications they require.

Continue your professional journey with us

As a leader in flooring design, we are proud to share our knowledge and expertise to help you expand your skills and inspire you to explore the endless possibilities of flooring design.

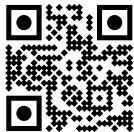

Whether you are looking to design exceptional interiors that stand out from the crowd, maximise accessibility or enhance indoor environmental quality, our free CPD seminars will guide you through design principles, innovative flooring solutions and the latest legislation.

Product Aware

We're excited to be part of Product Aware, a new tool that simplifies the way that we assess the sustainability credentials of the products we choose.

Sustainability Data Sheets are available at karndeancommercial.com

LooseLay Originals: Brockton **LLP153**

TECHNICAL HUB

On the technical hub, you will find all the product regulatory and compliance information you need to design and install a floor that will stand out for all the right reasons.

Our technical hub has been designed for architects, interior designers and contractors, placing all the information you need conveniently at your fingertips, from technical data to help you specify the best product for any situation, to advice on installation and ongoing cleaning and maintenance.

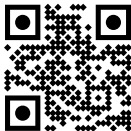

On the hub you can find out more about our commitment to producing stylish and durable floors with the lowest possible impact on the environment and our sustainability accreditations. Our environmental product declarations are available to download, providing detailed information about each of our formats: loose lay, rigid core and gluedown.

Discover a wealth of resources, including:

- **Technical Data Sheets (TDS)** and **Sustainability Data Sheets (SDS)** for detailed product specifications
- **Environmental Product Declarations (EPD)** for sustainability insights
- **Karndean Evolve®** and **ResiLoop** initiatives for eco-conscious design
- **Acoustic flooring solutions** to enhance sound control
- **BIMStore** for seamless project integration
- **Case Studies** showcasing innovative applications
- **Installation Guides** for flawless implementation
- **Floorstyle** for interactive room visualisations
- **Warranty Information** for added peace of mind
- **Cleaning & Maintenance Guides** for long-term care
- **FAQs** to address your top questions

Explore these tools to elevate your projects, streamline your process, and enhance design outcomes!

QUALITY AND SERVICE

Our Distribution Centre is one of our greatest assets. Working seamlessly, we move hundreds of pallets in and out of the facility every day. We pride ourselves on our stock holding capability to ensure the product you order is delivered in full and on time.

In addition to the regular daily despatch of products to our customers, we operate a full next day samples service. This can include swatch samples, full size planks or tiles.

All of our products are manufactured to ISO 9001. In addition to this, our robust quality control mechanisms ensure that our products reach their final destination in top condition.

We also have a highly experienced technical service team who are at hand to support you through the specification, installation and maintenance of your chosen design.

For more information on how to order your sample today, contact your local commercial business manager or call our customer service team on:

1800 331 170

karndeancommercial.com

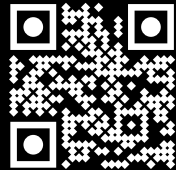

Imagery and Design Reproduction

Photography and print cannot always produce a perfect representation of our products. This includes colour, pattern variation and installation elements used.

For this reason we strongly recommend obtaining a product sample and where possible viewing a larger sample in-store. We also recommend visiting our website for information on installation, after care and product selection. We love developing new ideas and improving on our existing designs which means that sometimes products are withdrawn at short notice.

We hate to disappoint and will work with you to find an alternative design. Please contact Customer Service for more information. It is recommended that when selecting flooring products, you verify compliance with building regulations and certification practices relevant to your local area. All Karndean range and format credentials are at our certification policy level. Please check for the current certification status.
